

### Let's talk about values

Shiraz Bayjoo - Emotional Learning Cards £17.95

Values reflect the principles we live by. They influence the choices we make, how we relate to others and what we consider most important in life. In the UK, the Department for Education requires that four values, defined as British values, are now taught in all schools as part of the national curriculum.

*Let's talk about values* helps young people explore why we have values and what they look like in action, in order to build inclusive communities and live meaningful lives. It is co-published by Iniva (Institute of International Visual Arts) and A Space, an arts and therapy service.

It brings together 30 original lithographic images commissioned from artist Shiraz Bayjoo, reflecting the richness of global contemporary art, while the text written by A Space, reflects over 20 years' experience of working in the field of psychotherapy.

This title is part of the ***Emotional Learning Cards series***.

### Key Selling Points

- Commissioned by Opossum, a federation of primary schools in east London who will use the cards as starting point to support reflection, discussion and art making in the classroom, and are suitable for age 7+.
- Images of original artworks by Shiraz Bayjoo on the front and a descriptive text linking values with emotions and questions for discussion on the back.
- Includes a fold out leaflet with lesson plans created by a senior school leader.
