

Seth Price
2000 Words Series

£19

Seth Price traverses the possibilities of art through his work and critical writings. An ardent voice in the contemporary art community, Price uses a range of media – digital paintings, sculptures, vacuum-formed reliefs, music, and performance art – to investigate different means of dissemination of his and other artists' works in the Internet age.

Part of the 2000 Words Series, conceived and commissioned by Massimiliano Gioni, and published by the Deste Foundation for Contemporary Art, this book presents the entirety of the artist's works in the Dakis Joannou Collection and a new essay by Price, and includes an essay by Chris Wiley that examines the artist's peripatetic and complex vision.
