**Woodlands**

£48

Woodlands is the title of a series of 50 landscape photographs, which are presented here on full-page plates.

They were taken over the past three years in Upper Austria, Bernhard Fuchs' home region near Linz, which he left in the 1990s in order to study under Bernd Becher at the Kunstakademie Düsseldorf.

No other photographer is as far removed from today's zeitgeist as Bernhard Fuchs. In their peace and tranquillity, in their patience and discretion, his pictures are as beautiful as nature itself.
