Archive Matters. To read and to show
documents

£48.00

Archive Matters provides a first insight into the holdings of the artist's premature legacy. It seeks to contextualise archival material with the works of art.

Moreover, this book documents the archive's presentations in the exhibitions in Linz, Berlin and Montreal between 2017 and 2021, showing not only the rich archival material but also experimental forms of display in relation to the format of the archive.

This extensive publication containing numerous illustrations and texts is being published as volume 2 within the Valie Export Centre Linz publication series.

English and German text.
