

Gabriel Orozco
Trabajo 1992 - 2002

£30.5

A 'circular book' that begins from the middle and relates to an important selection of Orozco's lesser known works, most of them now belonging in European collections. These process-oriented works (drawings, photographs and objects) bring to light some essential characteristics of Orozco's attitude about his works, and are 'beginnings' that become an end in themselves.

English and French text.
