essays by Thurston Moore, Christoph Cox, Drew Daniel, Rob Young, Lina Dzuverovic, Anne Hilde Neset and others.

A full colour catalogue to accompany the Her Noise season: a series of exhibitions, performances and screenings that maps the activity of international artists whose practice involves the use of sound as a medium.

This catalogue forms an invaluable resource, highlighting the often overlooked contributions of women artists to the development of genres as disparate as Fluxus, performance art, punk and sound installation.

Featuring interviews with the participating artists, the publication includes a wealth of images. With a strong historical focus, the catalogue looks at the influence of punk's DIY ethos and the legacy of Fluxus on gallery-based practice today.
