

Saadane Afif Technical Specifications

£18

Saadane Afif's illustrated monograph, titled *Technical Specifications* builds upon Afif's eponymous exhibition at Witte de With and explores his multiform practice to date.

The book also features a CD recording of 53:56 & some words, the radio program created as an integral part of the Witte de With exhibition and broadcast across the Netherlands throughout the summer.

The two writers, Daniel Baumann and Ina Blom, who were invited to respond to the exhibition have evoked the way in which Afif's practice is reminiscent of a hall of mirrors: self-reflexive to the point of Narcissism, whilst at the same time exemplary of an openness and intellectual generosity that is rarely seen in contemporary art.

Designed by the Paris-based duo de Valence.

Product Details

Artist(s)	Saadane Afif
Author(s)	Daniel Baumann, Ina Blom, Zoë Gray, Nicolaus Schafhausen
