

Yves Klein / Claude Parent
The Memorial, an Architectural Project £24

Through a collection of original drawings, works and photos, this book highlights Yves Klein and Claude Parent's relationship. Their meeting, through the Air Architecture project, shows how creativity linked the artist and the architect. The artist brings the concept, the architect draws and paints.

Their productions, including the Pneumatic Rocket, the Air Architecture and the Fontaines de Varsovie project, feature in this book, which presents at last the project for the Yves Klein Memorial.
