CHASSER CROISER
LE SURREËL ET SON ÉCHO

Chloe: Chasser Croiser

The Surreal And Its Echo (+ CD)

£27.00

Already well known in the international electronic music scene, French DJ and sound artist Chloe brings her surrealist approach to sound to a new artist's book and audio recording.

Stimulated by an irregular strobe rhythm, this new piece is a surrealist venture that refuses all logical construction by using dream, desire, revolt and also seeks to underline the irrational.

Featuring photographs, manuscript excerpts and other ephemera collected and taken during tours, the publication serves as an echo to an original sound piece derived from reportage and documentary tracks.

A CD of the sound piece, *Chasser Croiser: The Surreal and Its Echo*, is included in this book.

This title is part of the Dis Voir, *Zagzig Series*.
