

Jeremy Deller

Life is to Blame for Everything

£12

This book brings together a variety of projects by Jeremy Deller of a differing scale – from an early exhibition in his parents’ house (in their absence) to ‘Acid Brass’, the collaboration and recording with a brass band playing Acid House anthems.

In many cases, this book provides the only permanent record of Deller’s ephemeral output, documenting the stickers, flyers and posters that have been lost forever.

This pocket-sized book, containing over 130 colour images, is a delightful illumination into Deller’s recent work.

Included are texts by John O’Reilly and Dave Beech as well as descriptions by the artist about his featured works.
