

## Talking Art 1

Art Monthly interviews with artists since 1976

£19.95

The second edition of this indispensable collection, *Talking Art*, is now available in a more portable format.

This popular collection of the best of *Art Monthly's* interviews since the magazine's inception in the early 1970s, provides a supplementary history of twentieth-century art from over 150 perspectives through discussions between artists and critics.

Many leading practitioners have been interviewed, often at highly significant moments in their careers. The interviews provide the most immediate access to an artist's thought processes and offer compelling narratives of the changing creative process.

The artist interview has occupied an important position in *Art Monthly* since its first issue, and the book was first published as part of the magazine's 30th anniversary celebrations.
