

Fairland

Explorations, Insights and Outlooks on the Future of Art Fairs

£9

How do we imagine the art fair of the future?

Alongside the recurrent question of the relationship between fairs and biennials, and the debate on the cultural or purely commercial role of these events, with their high concentration of symbolic, social, and financial capital, Fairland wants to explore the phenomenon of 'fairization'.

Fairland is a wide-ranging collection of analytical standpoints and possible visions by outstanding artists, curators and critics.
