*\*This title is now out of print\**

Seth Price traverses the possibilities of art through his work and critical writings. An ardent voice in the contemporary art community, Price uses a range of media – digital paintings, sculptures, vacuum-formed reliefs, music, and performance art – to investigate different means of dissemination of his and other artists' works in the Internet age.

Part of the *2000 Words Series*, conceived and commissioned by Massimiliano Gioni, and published by the Deste Foundation for Contemporary Art, this book presents the entirety of the artist's works in the Dakis Joannou Collection and a new essay by Price, and includes an essay by Chris Wiley that examines the artist's peripatetic and complex vision.
