

New title information

Ergin Cavusoglu Places of Departure

£9

Taking its cue from Ergin Cavusoglu's six-screen installation Point of Departure, this fully illustrated publication extends its horizon to the artists growing portfolio of multi-screen pieces, tracing connections within a subtle and evocative body of work that often pivots around the notion of a journey but always exudes a vibrant and poetic spirit of place.

Features contributions from Clare Doherty, Chris Darke and Simon Harvey.
