

Erik Steinbrecher HITS

£42

This artist's book shows excerpts from the artist's extensive photographic collection of images gathered over 30 years—books, newspaper and magazine photographs, archival footage, and montages.

Here the artist has organized subjects thematically in associative sequences: landscapes, food, folklore, art, flora and fauna, people, and technology.

Through the playful decoration and transformation of the material, Steinbrecher has created relief-like collages.

Published with Codax Publishers, Zurich.
