

## Efter Babel

Poetry Will Be Made By All! - 89plus

£18

There are moments in history when a new constellation falls into place – when a transformation has been prepared but is overtaken by a series of events that make it obvious to everyone that the entire situation is about to change. The year 1989 marks one such revolution. In the twenty-first century version poetry is written and produced “on demand” and the tower becomes a place for readings, discussions and conversation. Efter Babel serves as a hub for this building of bridges between languages and traditions in which the multifaceted works of the artists can create new meanings and openings to a wider world.

Facsimile excerpt of the Moderna Museet 1969 exhibition catalogue “Poetry must be made by all!”.

Published alongside an exhibition of the same name at Moderna Museet, 13 June – 30 August 2015.

English and Swedish text.
