

### Thomas Struth DVD

A Film by Ralph Goertz and Werner Raeune £16

Thomas Struth counts as one of the most significant German artists since the 1990s.

With analytical precision and clarity he composes landscapes that resemble perfectly organized stagings.

In this documentary, which was produced over a period of 10 years, Thomas Struth talks about nearly every group of works and allows a deep inside view in his understanding of the media and the way he works.

This is a PAL DVD, 33 minutes in length and with English and German subtitles.
