Charles Baudelaire

This title is now out of print

Une Seconde d'Éternité d'après une idée de Charles Baudelaire – A Second of Eternity after an Idea of Charles Baudelaire – is the perfect interpretation of the film of the same name created in 1970.

This small flipbook consists of 24 individual pictures on 24 pages to which Broodthaers has added his signature. Instead of marking the completion of a work, thereby declaring it as a work of art, here the signature represents only itself and thus the absence of the work and the end of the myth of the artist.

Published on the occasion of the exhibition at Fridericianum, Kassel, 17 July – 11 October 2015.
