

## Sigmar Polke The Editions

£29.00

\*THIS TITLE IS NOW OUT OF PRINT\*

Editioned work holds a special place within Sigmar Polke's artistic oeuvre. To him it represented another possibility for conducting intensive and excessive variations on his experiments, enabling an endless discourse between himself and the world.

Like an alchemist, he expected different techniques to serve his creative ego, thus his editions comprise objects, books, folders, photography, photocopies, collages and numerous prints.

This catalogue contains all of the artist's editions, a total of around 200 works.

Accompanies the exhibition Sigmar Polke – The Editions, 28 Apr – 27 Aug 2017, The Collectors Room, Berlin. Curated by Tereza de Arruda.

German and English text.
