

New title information

Sculpture in 20th Century Britain Volume 2 A Guide To Sculptors in the Leeds Collections

£35

Volume 2 of Sculpture in 20th Century Britain provides 175 short monographic essays on sculptors practising in this period. Each essay is written by a different author, and their wide range of Backgrounds makes for lively reading. New research uncovers the lives of sculptors who have dropped from the public eye; new approaches reveal others in new and unexpected ways. Each short essay is accompanied by a concise catalogue of related holdings in the sculpture, archive and library holdings in Leeds, making this an indispensable guide to further study. Featuring Peter Blake, Tony Cragg, Michael Craig-Martin, Cathy de Monchaux, Anya Gallaccio, Gilbert & George, Antony Gormley, Barbara Hepworth, Anish Kapoor, Cornelia Parker and Eva Rothschild.

The two volumes of Sculpture in 20th Century Britain can be bought together at the special price of £65.00. See separate entry Sculpture in 20th Century Britain Volumes 1 & 2
