

## Graham Gussin

£9.95

This catalogue is published on the occasion of British artist Graham Gussin's exhibition at the Ikon – a survey of his work since 1990. Graham Gussin was born in London in 1960. He studied at Middlesex University, and Chelsea College of Art & Design, London.

Using a wide range of media including text, film and drawing, Gussin's work is concerned with our notions of time, space and scale. Through his use of science fiction titles, film scenes or pieces of dialogue, Gussin explores or fuses together ideas about landscape, translation and movement. The viewer often plays a vital role when encountering the work as, to complete the picture, we project our own experiences and information on to what we see and hear.
