### Notional Field Notes

£20

Katie Holten's hard cover monograph accompanied her recent exhibition, A Recent History of What's Possible at the Butler Gallery, Kilkenny, Ireland. Katie's unorthodox drawing-based practice combines a use of traditional materials such as drawings on paper with more unexpected elements like transplanted weeds, plasticine, wool, video, text. From floor to ceiling, sheets of drawings, notes, doodles, plans and notes-to-self offer starting points, digressions, theories and plans. Facsimile notebook with texts by the artist. Limited numbered edition of 300 copies

#### Product Details
