### Continuous Project #12

£19.95

The latest in a series of facsimile appropriations, pamphlets, performances and interventions by the collective Continuous Project, this illustrated volume, the second in their 'institutional' series, marks the occasion of the exhibition Seth Price/Kelley Walker/Continuous Project at Modern Art Oxford. Here the past becomes an episode of the present: part catalogue and part anthology of writings, Continuous Project #12 combines commissioned texts with historical reprints.

Documenting the work of Seth Price and Kelley Walker with reproductions of their installation in Oxford, the book brings together new essays by Robert Hobbs and Jan Avgikos alongside contributions from curator Suzanne Cotter and religion scholar Joshua Dubler, in addition to historical documents.
