

New title information

This is Yours Now Savage

£10

This is Yours Now is the first monograph on the work of Bristol based artist Savage.

It brings together documentation of his, often, ephemeral practice in public space with newly commissioned text works made especially for this publication.

An interview with Ikon Director Jonathan Watkins and an essay by critic and curator Francesco Manacorda examine Savage's radical yet typically romantic approach to the world of consumer goods and possessions.

The publication also includes one part of the new work, Last Page Sabotage.
