

Joe Coleman Internal Digging

£23.5

This book provides a first overview of the complete oeuvre of painter, draftsman, performance artist and collector Joe Coleman: panel pictures, comics, performances and an entire installation. The resulting complexity creates an idiosyncratic and dense cosmos of images which even dominates Coleman's Odditorium – a constantly newly arranged space filled with relics, preparations, documents and drolleries.

Published alongside an exhibition at the KW Institute for Contemporary Art, Berlin, May – August 2007.
