

Amy O'Neill
Suburban Imagination

£17

This American artist uses the strangeness of her own culture as well as the Swiss culture where she lived and worked for some years. She copies situations and objects from local folklore to reveal the uncanny that lies just beyond the banal. Each time reality is rebuilt as a background. All her works exploit the idea of the vernacular, but in particular the idea of standard representation.

The sculptures, installations, and drawings by the New York-based artist are presented in this first monograph as a journey through the American suburban imagination.

Product Details

Artist(s)	Amy O'Neill
Author(s)	Frank Gautherot, John Miller
Publisher	JRP Editions
ISBN	9783905829204
Format	hardback
Pages	80
Illustrations	69 colour, 12 b&w illustrations
Dimensions	286mm x 205mm
Weight	550
