

New title information

Loris Greaud Cellar Door

£7

Cellar Door is a spectacle stretching in time and space.

As an exhibition, it is so far the most ambitious project of French artist Loris Gréaud, starting at the Palais de Tokyo in Paris and continuing at the ICA London, conceived as 'musical in progress'.

As a book, it includes the project's synopsis and musical scores, thus serving as the libretto of this opera of a new genre.

Product Details
