

Adnan Adam Onart Turkish: A Dictionary of Delights

£7

Turkish: A Dictionary of Delights is a sui generis work and lexical tour de force which uses the dictionary genre to inject polemic into certain forbidden discourses that are currently suppressed both within and around the subjects of Turkish language, politics, sexuality, and history, making the book extremely timely in light of contemporary debates around the question of Turkey's entry into the EU.

This book also introduces the Turkish universe in all its intimacy from the perspective of a personal 'Wirkungsgeschichte'. The definitions are presented with a sense of wit and political incorrectness that one does not usually associate with sacred Ottoman subjects such as the hamman, and revered political icons such as Ataturk. This explains why initial shipments of the book sent to Istanbul were refused by postal authorities, ironically contributing to the cult status the book quickly acquired in the artistic circles of Istanbul, where it can only be purchased 'under the counter' at certain galleries.

The authorship and origin of Turkish: A Dictionary of Delights are a subject of considerable speculation. There is some question as to whether the dictionary's putative author, Adnan Onart, even exists. The editor is Roger Conover, the well-known art publisher and secret author of a number of books which have been appearing over the years in such hidden contexts and limited print runs that they exist almost more as rumors than publications.

Product Details

Artist(s)	Adnan Adam Onart
Publisher	JRP Editions
ISBN	9783905701449
Format	softback
Pages	96
Illustrations	23 b&w
Dimensions	140mm x 115mm
Weight	105
