

Alain Huck (French / German edition)

£19

This is a first monograph dedicated to the Swiss artist for more than ten years. Co-founder of the M/2 space in Vevey, Huck has participated in the dynamism of the Swiss artistic scene since the 1980s.

His drawings are comparable with those of other European artists who refused the categorization of 'abstract/figurative'. Over the last ten years Huck has been making cycles of works on paper, which are simultaneously anchored in his personal life and the reservoir of styles and forms available from the 20th century.

Published on the occasion of his solo exhibition at the Musée Jenisch in Vevey, this monograph allows the re-discovery, in all its richness, of an intimate and generous practice, both sensitive and personal, through this medium and its 'mises-en-scène'.

Published with the Musée Jenisch, Vevey.

French and German text.
