Eberhard Havekost Retina

£16.5

Retina presents a group of 19 new works by Eberhard Havekost, which were shown for the first time at his exhibition at Schirn Kunsthalle in Frankfurt.

The inspiration for the title came from a series of six oil paintings that deal with the optical perception of the world of objects and their abstraction.

These pieces form a visible caesura in the artist's work and yet are a precise development of his engagement with the questions of the reality of the image within his oeuvre.

English and German text.
