

## Roni Horn Well and Truly

£42

Roni Horn's most recent groups of work, presented at the exhibition at Kunsthaus Bregenz in 2010, deal with the diversity of identity, language, design and object.

A variety of materials and techniques are used, often metaphorically and in series.

This catalogue examines Roni Horn's artistic development and places it within an art historical context, with essays by Gary Indiana and Julie Ault, and with an additional interview with the artist by curator Yilmaz Dziewior.

Illustrations of Horn's work and photographs of the installations in Kunsthaus Bregenz complete the publication.

English and German text.
