

New title information

Gilbert & George Art Titles 1969 – 2010. In Alphabetical Order

£12

This artists' book has been designed by Gilbert & George and presents a complete catalogue of their evocative titles in the format of a poetic index.

Spanning more than 40 years of exhibitions, pictures, sculptures, books, and other formats the text, printed both alphabetically and chronologically, composes an accidental epic verse, simultaneously automatic and representative of their focus on worldly and spiritual matters.
