Shirazeh Houshiary

No Boundary Condition

£35

Published on the occasion of Shirazeh Houshiary's seventh solo exhibition at Lisson Gallery, 'No Boundary Condition', 12 October – 12 November 2011.

This catalogue contains essays by Greg Hilty (Curatorial Director at Lisson Gallery), David Toop (artist, writer and sound curator), and Francis Gooding (academic, researcher, writer and editor of Critical Quarterly).

The exhibition *No Boundary Condition* is illustrated here in beautiful photographs documenting Houshiary's recent work, including *String Quintet* and the video projection, *Dust*.

The book also shows the recently unveiled East Window Altar commission at St. Martin-in-the-Fields, designed by Shirazeh Houshiary, in collaboration with architect Pip Horne.

The commission marked the final stage of the church's Renewal Project led by Eric Parry Architects. For more information on this commission, please visit the Modus Operandi website.
