

Wade Guyton. Guyton/Walker. Kelley Walker

£42

For the first time the three artist positions – Wade Guyton, Kelley Walker and Guyton/Walker – are presented together in this publication.

The presentation enables a direct viewing and analysis of the artists and the artistic duo founded in 2004 – to this day a unique union of two artists, who also worked and exhibited separately until then and continue to do so.

The authors present the artists and dedicate themselves to the themes of independent authorship and the relationship between solo and collaborative artistic work as well as their common artistic techniques and visual languages.

Published on the occasion of the exhibition Wade Guyton. Guyton/Walker. Kelley Walker at Kunsthaus Bregenz, 27 April – 30 June 2013.

English and German text.
