

Jake and Dinos Chapman Come and See

£27.00

The group of drawings included in this beautifully-crafted artist's book comprise elements from Jake and Dinos Chapman's two-dimensional works that have been manipulated to produce a book of 'tattoo flash', in line with what might be found on the walls of tattoo parlours.

In purchasing this book the reader can become part of the Chapmans' oeuvre: it enables the owner to pick any or all of the Chapman-designed tattoos.

Published on the occasion of the exhibition Jake and Dinos Chapman: Come and See at the Serpentine Sackler Gallery, London, 29 November 2013 – 9 February 2014.
